

**PROJECT DESCRIPTION – TOYOTA OF SUNNYVALE CARWASH**

The applicant Adam Simms (General Manger of Toyota of Sunnyvale) proposes conversion of the existing 7200 SF wood framed building located at 876 West El Camino Real into a carwash facility. The building footprint will remain the same with no square footage being added. The exterior façade will be upgraded to match that of the other buildings on site with “Toyota” finishes and look. Interiors will be modified to include drive through carwash equipment. Included in this application is a site plan (A-1) showing the site, elevations, and floor plan supporting this project description.
